

Skies across the state should be clearing with temperatures falling as a cold front passes through the state today. Temperatures will range from the mid 70s to the mid 80s, falling into a range of the upper 40s to the low 60s tonight.

## Vehicle found abandoned

# Bus driver, 26 kids vanish; kidnap eyed

CHOWCHILLA, Calif. (AP) — Twenty-six children and the driver of their school bus who vanished on their way home from a swimming outing apparently are the victims of a mass kidnapping, the Madera County sheriff said today.

Deputies and police searched the San Joaquin Valley farmland through a windy, rainy night split by lightning and thunder for some clue to the whereabouts of the children, who ranged in age from 5 to 15.

The bus in which the children had been riding was found in a dry canal Thursday night.

"It appears to be an abduction," Sheriff Ed Bates told reporters. "We are waiting to be contacted."

Bates said his investigators found two sets of tracks superimposed on the bus tracks, suggesting that an abduction "would have to be planned, it seems to me." The tracks showed that "somebody left the area after the bus was parked."

The bus, which was to have returned

the children from the Chowchilla fairgrounds, was found abandoned in a dry canal during a search from the air. It was hidden in a heavy stand of bamboo in the flat farmland about 35 miles northwest of Fresno.

The sheriff said he couldn't "think of any other possibility" but a kidnapping. "There's no blood, no evidence of foul

play at the bus. I'm at a loss for words about this one. I absolutely can't figure it. We can't find anybody who has a motive."

Bates said the FBI has been called in. The children are students at the Dairyland Unified School, which school district secretary Nita Hansen described as "just a little country school."

She said the bus driver, 55-year-old Frank Edward Ray Jr., was "very reliable" and had been driving for the school for 28 years.

"You couldn't ask for a nicer guy," Mrs. Hansen said. "He was born and raised here."

Sheriff Bates, who set up a command post at the Chowchilla Police Department, speculated that there were five possibilities: a "deranged guy" who had kidnaped the entire group; a "personal revenge, somebody who wants to make the parents suffer;" a kidnapping "for money;" a "terrorist" plot; or "some older kid on the bus took command by force."

Shortly before dawn Bates discarded as a clue reports that a white van seen the last two days near where the bus lets children off might be involved in the disappearance. The vehicle turned out to be a "dental van" which has been assigned to the area, he said.

The sheriff's office said it received calls from anxious parents beginning about 4:15 p.m. Thursday. At that time, the bus was two hours overdue.

Investigators towed the bus out of the canal and began a search, roping off the area around the bus. At one point, 30 officers from several jurisdictions were assigned, including a force detailed to a door-to-door search south of the town.

Officers recovered two towels and items connected with a children's ceramics project, Bates said. The key was missing from the bus's ignition, he said.

The bus had made three stops, letting off three groups of children, but it never made its fourth and last stop, Bates said.

Prior to Bates' announcement that he suspected an abduction, Sam Baretta, the father of Lisa Baretta, 12, one of the missing children, said:

"It seems so damn strange. There must be a logical explanation. I haven't faced reality yet."

## Coffee Break . . .

CONSUMER requirements for electricity during the recent heat wave caused the Dayton Power and Light Co. to set a new all-time electric generating peak.

The peak was set Thursday at 4 p.m. when 90-degree temperatures caused consumers to demand 1,793,000 kilowatts of electricity.

The previous all-time peak was 1,763,000 kilowatts set August 28, 1973.

The heat wave coupled with mechanical problems with generators at the F. M. Tait Station and the J.M. Stuart Station caused the Dayton Power and Light Co. to purchase additional electricity from other utilities. "Fortunately, other utilities had available power even though they were also experiencing high demands from their customers."

The high demand was caused by increased industrial activity, industrial electric sales were up 17 per cent in June; additional customers, and increased usage by existing customers.

MARK your calendar! . . . An old-fashioned picnic has been scheduled to launch activities during the special "bicentennial day" at the Fayette County Fair.

The picnic will be held at noon Monday, July 26 under shade trees on the race track infield at the Fayette County Fairgrounds. Tables and chairs will be available.

Flippo the Clown (Bob Marvin) of WBNS-TV in Columbus will be attending the affair and will later stage a magic show for children in front of the grandstand.

Although it is not a requirement, those attending the picnic are asked to don old-fashioned costumes for a contest to be judged by the Washington C.H. Business and Professional Women's Club.

UP AND OVER—The only known victims of Thursday's hour-long wind and rain storm were several uprooted trees in the Washington C.H. area. Typical of these is the one pictured above on N. North Street. The tree missed the residence which was true of most incidents. The

Washington Country Club lost at least two trees. Wind and limbs caused several minor electrical outages, but Dayton Power and Light Co. reported no major interruptions of service.

## Millage increase possible

# County board okays budget

By PHIL LEWIS  
Record-Herald Staff Writer

The Fayette County Board of Education approved Superintendent Guy M. Foster's proposed district budget for 1977 which exceeds the expected receipts by nearly \$400,000.

Foster told the board that if the estimated receipts for 1977 are accurate a millage increase would be necessary.

The budget proposal will be reviewed by Fayette County Budget Commission next month after the Ohio Board of Tax Appeals determines the exact amount of real property tax revenues.

Under House Bill No. 920 which passed without Ohio Gov. James A. Rhodes' signature last week, Foster has estimated that real and personal property taxes would exceed \$1.5 million, approximately a \$170,000 increase over the previous year. The Ohio Board of Tax Appeals will determine the exact amount.

Despite the sizeable tax increase and an estimated state foundation fund increase, the actual receipts for 1977 will exceed those of 1976 by only \$99,760, Foster said.

Last year, the board carried over a

balance of \$98,979. The anticipated balance to begin 1977 is only \$4,270. This decrease will offset nearly half of the revenue increases.

Foster's budget allows for a five to six per cent increase in salaries plus an anticipated increase on all expenditures due to inflation giving the district budget a 1977 deficit balance of \$380,826.

Foster termed the situation "extremely frustrating."

"We want a quality program, but we are receiving minimum operating funds," the superintendent said. "We need to finance it at a higher level."

He added that if the expected receipts contained in his budget prove to be correct and if no belt-tightening cuts are made, approximately a 3-mill levy would be needed to overcome the deficit.

Foster also said that he or the district clerk, Mrs. Martha Fleming, would be available to discuss and explain the budget and the district's financial problems to any interested group or organization.

The board also reviewed a recommendation by Mrs. June Slaughter, district elementary education supervisor, to adopt a new student testing

program for the district at Thursday night's meeting.

Mrs. Slaughter chaired a committee that reviewed various testing programs for elementary students. The program previously employed by the district, the Ohio Survey, has reportedly been sold to an out-of-state corporation.

The committee unanimously agreed upon tests published by the California Test Bureau. The purpose of the test is to evaluate the academic growth and potential growth of each pupil.

Mrs. Slaughter's proposal called for a sharing of the test's costs with pupils. Under the proposal the district would account for \$1,200 of the estimated total cost of \$3,500. Parents would be asked to absorb the remaining \$2,300.

Board member Kenneth A. Payton said he was against passing on costs to parents. "If we feel this is a priority, we better work it into the budget," Payton said.

Superintendent Foster said he felt the testing was a priority item.

Board member Marion Waddle agreed with Payton that the passing on costs to parents was undesirable and

## At local GOP family picnic

# Victory in November predicted

By CINDI PEARCE  
Record-Herald Staff Writer

Nuts, nuts and more nuts seemed to be the general opinion of the Democratic National Convention at Thursday night's Fayette County Women's Republican Club annual family picnic held at Sam Marting's lodge, CCC Highway-W.

Guest speaker Richard D. Jackson, a registered professional engineer and director of the Ohio Department of Transportation, led the cheer of "nuts, nuts and more nuts" in regard to the Democrats saying, "Did you ever hear of a Republican elephant that didn't love nuts? It's that energy from those nuts that's going to make us win in November!"

Associated with the Ohio Department of Transportation for 10 years, Jackson delivered his speech with finesse.

Jackson defended the GOP, which has often served as scapegoat in the past by saying, "The Democrats blame the Republicans for everything but how is this possible when they've held the White House 28 out of the last 44 years and been the majority in Congress for the last 40 out of 44 years? If there are problems in our country today, they were not caused by the Republicans!"

Involved in politics since he was "old enough to walk," Jackson commented on the proceedings at the Demo convention, assuring the group, "I know which way America is going this year after watching three nights of the Democrat convention." This statement was received by a round of applause from the enthusiastic group. Jackson continued, "This fall we're going to be stronger than ever without a question. Jimmy Carter hasn't been pinned down on the issues since he was in diapers

RICHARD D. JACKSON

and I don't think he was pinned down then."

Elaborating on the Demo convention, Jackson said, "Jimmy Carter wants to open up everything but I've never seen such a closed convention in my life. I don't even think the press believed that convention."

Jackson showed the group of Republicans a map entitled "Trailways of Ohio" which has been created as a part of the Ohio's bicentennial celebration. He explained that the map was "made in Ohio, not in Michigan". "We're very proud that this is an Ohio production. We used Ohio ink, Ohio paper and Ohio labor."

Zeroing in on state government activities, Jackson told the group that in the transportation department, employment has been reduced from approximately 9,450 to 8,000 and the money, which was being paid out in salaries previously, is now being used for building projects and maintaining existing highways. "The department of transportation is far better off than it was two years ago. We have put that money to a better use. These improvements are all because of Governor Rhodes' leadership."

Citing the numerous public utilities that the State of Ohio has, Jackson stated, "Last year's park attendance in Ohio was 50 million which is almost the total attendance of all federal parks across the country. We are the only state in the union that has four major zoos and four major amusement parks. As Gov. Rhodes would say, Ohio has more things by accident than most states have on purpose."

Jackson reviewed Ohio Gov. James A. Rhodes' accomplishments since taking office. "The governor is striving for industrial expansion and new industry in Ohio. Gov. Rhodes' political philosophy has always been, 'Jobs are the solution'. Gov. Rhodes wants the lowest taxes, lowest unemployment and lowest welfare costs, not the

## By Community Education

# Pet show, bike parade set for Bargain Days

The Washington C.H. Area Community Education program will operate the pet show and bike parade for the Old Fashioned Bargain Days celebration in Washington C.H.

Working with the Retail Merchants Association of the Washington C.H. Area Chamber of Commerce, Community Education will hold the annual pet show at 10 a.m. Wednesday on the Main Street side of the Fayette County Courthouse. The bike parade is scheduled to leave the Washington C.H. Middle School at 1 p.m. Wednesday and proceed to the Court Street side of the Fayette County Courthouse for judging.

Community Education program director Hank Shaffer said this year's pet show will be handled as it was last year with prizes of \$5 for first place, \$3 for second, and \$2 for third, being presented to the typical boy and his pet, the typical girl and her pet, and the most unusual pet. A \$3 prize will be awarded to the largest and smallest pets entered. Judges for the pet show will be from the Welcome Wagon Club.

The bike parade will form on the Temple Street side of the Washington C.H. Middle School at 12:30 p.m. It will proceed south on North Street to Court Street and to the Courthouse where judging will be held. Prizes of \$5 for first place, \$3 for second and \$2 for third will be awarded for the best decorated bike, the most original decoration and the oldest looking. Members of the Senior Nutrition group will be judging the contest.

## Deaths, Funerals

### George R. Dunn

PORTSMOUTH — George R. Dunn, 72, of Lucasville, died Thursday morning at Southern Hills Hospital in Portsmouth.

Mr. Dunn was born in Pickaway County.

He is survived by his wife, Ruth Gordon Dunn of Lucasville; two sons, Ralph of Chillicothe and Russell Lee Dunn of Columbus; five brothers, Roy of White Oak, Robert of Bloomingburg, Frank of Columbus, Charlie of Texas and Leslie of Michigan; three sisters, Ms. Pauline Enkie of Columbus, Mrs. Mary Wilson of Washington C.H. and Mrs. Linda Johnson of Fairfield; and seven grandchildren.

Graveside services will be held at 1 p.m. Saturday at Pleasant Cemetery in Mount Sterling.

Friends may call at the Windell-Howland Funeral Home in Portsmouth from 2 to 4 p.m. and 7 to 9 p.m. Friday.

## Mainly AboutPeople

Ohio State University has released its honor roll for the spring quarter, listing names of undergraduate students who achieved high academic averages for that period. From the Washington C.H. area: Diana K. Cottrill, 1934 Lampke Rd., Jill A. Fetters, 3528 Creek Rd., (all A's), David J. Louis 3770 White Rd. (all A's), George S. Pommert, 203 River Rd., and Ronald E. Rowland, Rt. 6 (all A's), Leigh A. Lynch, Sabina; Frances M. Coffey, Clarence M. Dinnen and Jay L. Harmount, all of Greenfield; Denis J. Bowshier of Mount Sterling (all A's); Allison S. Chenoweth, James D. Mace and Dane Stinson, all of Clarksburg; Rachel A. Fenstermaker of Williamsport.

## Alcoa admits political payments

WASHINGTON (AP) — The Aluminum Company of America paid at least \$25,000 to Jamaican political parties and officials in 1971 and 1972 after U.S. Ambassador Vincent DeRoulet suggested the firm contribute to a shadowy educational fund, U.S. officials say.

These sources say DeRoulet, who died last year, solicited the contributions at a time he was attempting to prevent Jamaica from nationalizing American bauxite mining interests.

Alcoa, as the world's largest aluminum company, has a critical interest in bauxite, a vital element in the production of the metal. Jamaica is among the world's largest sources for bauxite. Alcoa obtains about 10 per cent of its needs from the Caribbean island.

The disclosure came with American industry already under criticism for trying to influence foreign political campaigns with payments and other forms of pressure.

First word of the Alcoa incident came when the firm filed a statement with the Securities and Exchange Commission saying an unidentified U.S. ambassador to an unnamed country had suggested to a senior company official that a payment be made to the educational program.

Subsequently, Alcoa said, company officials decided to respond to the solicitation. A certified check for \$25,000 was written, but it was made out to the ruling party of the country.

That was followed by four more checks totalling \$25,000 written to various officials of the involved country. Alcoa, in disclosing the four checks, did not make a link to the ambassador's solicitation.

The U.S. sources later identified the nation as Jamaica and the ambassador as DeRoulet, who was appointed in 1969 by President Richard Nixon.

In a statement released from its Pittsburgh headquarters Thursday, Alcoa said, "The ambassador was only

incidental to the event. We have no reason to believe the ambassador thought the grant was to be used for any other purpose than the education fund.

"We in no way said we were pressured or coerced by a U.S. ambassador into making a contribution," the company said.

The sources said the party receiving the money was the People's National Party, headed by Michael Norman Manley. The identity of the officials who received checks remained undisclosed.

In a statement to the SEC, Alcoa acknowledged that no proof was ever uncovered of the existence of the educational fund. The firm said the books of its Jamaican subsidiary showed the payment as a miscellaneous expense.

Government officials added that their investigation has not found any Jamaican education program and they did not believe such a fund existed.

## Violent weather hammers Ohio

By The Associated Press  
Violent weather felled trees, downed power lines and blew out windows as a string of thunderstorms rumbled across Ohio Thursday night, but cooler air was to move into the state today bringing an end to the unsettled weather.

There's a chance of showers and thunderstorms today over the south and east parts of the state, but by evening the cool front is expected to be through the state clearing skies for the weekend.

High temperatures today are forecast in the upper 70s and 80s. Lows tonight in the upper 40s and 50s and highs Saturday, under mostly sunny skies, in the 70s.

The heavy thunderstorms were accompanied by several confirmed funnel clouds, high winds and large

hail, but there were no known serious injuries or widespread major damage. The National Weather Service placed six northern Ohio counties under tornado warnings Thursday night. However there were no reports of twisters touching down in inhabited areas.

The Allen County sheriff's office confirmed that a tornado touched down in an open field just east of Delphos.

Much of the state was hit by severe thunderstorms. Trees and power lines were reported downed by the high winds, gusting up to 65 m.p.h. in some areas.

In Meigs County, high winds hurled two mobile homes onto Ohio 124 near Salem Center, blocking the road for several hours, the sheriff's office said. The mobile homes sustained heavy damage but no one was hurt.

## GOP meeting

(Continued from page 1)

highest, in the country! Jobs are not dirty words in Ohio as long as Rhodes is governor."

Jackson then gave a run down of all statewide politicians who will be running for re-election in November, "Senator Robert Taft is serving the people in a superb fashion. I know this from first hand knowledge," Jackson said. "Congressman William H. Harsha has a depth of knowledge in this area unequalled by anyone. He is a superb man."

He labeled Sen. Max Dennis as a "good supporter of the Republican party at the state level" and commented that Sen. Oakley Collins was known throughout the state and is a staunch supporter of the transportation department. State Representatives Bob McEwen (the incumbent) and Carl P. Hirsch Jr. were both cited for their hard work.

Bringing his speech to an end Jackson stated, "I have heard people, who have been in the State House for twice as long as I am old, say that they've never seen it (the employment situation etc.) like it is now. The Democrat legislature has done nothing to assist in this area. The best thing that they have done is gone home. If we can put people back to work, then we can resolve the tax problem because there won't be 200 million people receiving handouts."

Co-chairman of the Fayette County Republican Party, Donna Wagner, introduced local politicians who will be seeking election in November. Each gave a brief speech. Margaret Hurtt, president of the Fayette County Republican Women's Club, and chairman of the Ford Campaign committee in Fayette County, delivered a short speech asking those present to support President Ford in his quest for re-election and Martha Reif, chairman of the Reagan campaign committee in Fayette County, cited Reagan's qualifications and asked for continued support for her candidate.

A singing group comprised of the Cecilia Club members provided entertainment. The next meeting of the Republican Women's Club will be held on October 28. Location of the meeting will be announced later.

## Pat Nixon responding well

LONG BEACH, Calif. (AP) — Pat Nixon's first steps after her stroke were a "most significant sign of improvement," one of her doctors says. Mrs. Nixon, recovering from the stroke suffered last week, walked on her own for the first time Thursday since she entered the hospital.

Much of the town of Delphos was without power for nearly two hours and widespread power outages were reported in Lima, Celina, St. Marys and Wapakoneta.

Hail three-quarters of an inch in diameter was reported in Delaware County.

Thunderstorm activity also was reported over Lake Erie and the weather service advised small boats to seek a place of safety.

Thunderstorms and high winds continued today from the mid-Atlantic states into the Southern Plains and over the Great Lakes Region.

A tornado in Belle Vernon, Pa., blew over six mobile homes and caused one injury. At Greensboro, N.C., winds measuring 85 miles per hour flipped over two airplanes and a helicopter and destroyed a hangar. Also, winds estimated at over 50 m.p.h. overturned and destroyed several boats in East Dayton, Ohio.

Washington National Airport clocked gusts of 76 m.p.h. and winds of 67 m.p.h. were reported in Columbus, Ohio and Charleston, W.V.

There were numerous reports of damage to trees and power lines in parts of North Carolina, Virginia, Ohio, Indiana and Illinois.

Widely scattered showers and thundershowers broke out over Nevada and portions of central and southern California on Thursday but only small amounts of rain were reported.

Clearing and cooler weather was spreading across the North Central part of the nation with temperatures dropping into the 40s near the Canadian border. Clear skies also extended into the Northwestern states.

Temperatures around the nation ranged from 97 at Needles, Calif., to 42 at Minot Air Force Base, N.D.

## County board

(Continued from page 1)

that the proposed testing program would be "a good place to stop it." He moved that the board accept Mrs. Slaughter's proposal only if it was totally financed by the board. The motion passed unanimously.

The board also passed a new code of discipline pertaining to suspensions, expulsions and removal of students.

The new code is in accordance with a recently passed state law which, among other things, requires that notice and reasons for suspension be given as well as providing a means of student appeal to the suspension. The new law will go into effect September 1.

IN OTHER action, the board:

—Accepted the resignations of Karen DeMars, an elementary teacher at Bloomingburg and Madison Mills; Mrs. Nancy Cooper, special education teacher at Wilson Elementary School; and Mrs. Debbie Woodruff, kindergarten teacher at Staunton;

—Approved the hiring of Mrs. Susan Gossett as a learning and disability supervisor;

—Approved the hiring of Stephen Smith as custodian at Jeffersonville, John Queen as assistant maintenance supervisor, and Frank Coe as a bus driver;

—Approved the hiring of two Title I reading teachers, Rebecca Long and Janice Lucas;

—Set 12 p.m. August 16 as the date for opening bids on school bus insurance, fuel and food stuffs;

—Reviewed recommendations for changing the current high school policy of averaging grades;

—Discussed the implementation of torando drills at Miami Trace High School; and

—Entered into a co-operative agreement with Clinton County for special education supervisory services.

## Stock list down again

NEW YORK (AP) — The stock market moved broadly lower today, apparently depressed by the latest surge in the nation's money supply.

The opening Dow Jones average of 30 industrials was about three points lower, and declines led advances by about a 2-1 margin among New York Stock Exchange-listed issues.

Weakness was linked to the Federal Reserve's report as the market closed on Thursday that the nation's basic money supply had risen \$2.6 billion in the latest reporting week.

A sharp rise in the money supply has been unwelcome on Wall Street lately, since stock traders fear the Fed might be prompted to tighten its credit reins and cause an interest rate rise in order to hold inflation down.

Traders were also said to be discouraged by the market's latest failure to capture and hold its ground above the Dow 1,000-mark.

Among today's prices, Joy Manufacturing fell 1/4 to 47, Merck was off 3/4 to 73, and Rosario Resources dropped 1/4 to 26 1/4.

On Thursday the Dow Jones Industrial average gave up 7.70 to 997.46.

### City celebrates 170th anniversary

QUAKER CITY, Ohio (AP) — This city will celebrate its 170th year with its annual Ohio Hills Folk Festival, to begin Thursday and continue through Sunday.

The festival will feature a variety of

crafts, games and skills of early settlers, pioneer music and a parade every day.

The Quaker meeting house, built by settlers in 1821, will be open to the public every afternoon.

# DON'T MISS IT!

# Opinion And Comment

## Go-slow policy

Despite the valiant effort of the British and French to make the Concorde commercially viable, the handwriting on the wall suggests that this is not to be. There are indications that the two nations know it, and are engaged in winding down the program with as much grace and as little loss as possible.

There are reliable reports that in Britain civil servants assigned to the project will soon return to their former posts. It is further reported that the airfield which has been used as the British flight test center is being restored to the Royal Air Force. The French also are moving

to shift the emphasis from the Concorde as the production schedule nears its end.

These developments affirm the conclusion that, for all the excitement this first-generation supersonic has generated, it cannot surmount the obstacles to widespread acceptance. That must be left to aircraft of some years hence - supersonics designed for commercial success, and environmentally sound.

There have been modest stirrings of interest in such a development. British Aircraft Corporation and an American firm, McDonnell-Douglas

Corporation, have been tentatively exploring the idea of cooperation on a passenger supersonic for the 1990s. Two other U.S. companies, Boeing and Lockheed, also reportedly are carrying on not very intensive supersonic studies.

All this may lead to something in time. Supersonic flight may yet become commercially feasible. If this can be accomplished without significant environmental harm - and without huge federal outlays - well and good. But both builders and airlines have wisely adopted a cautious, go-slow approach.

THESE DAYS...By John Chamberlain

## Who is to keep Carter honest?

NEW YORK (KFS) — It's an incredible situation. Poll after poll taken during the past year has testified to the conservative drift of the country. Yet the Democrats have gathered in New York City with a Big Government

commitment that belies not only the temper of the people but the early campaign promises of their assured presidential candidate. Moreover, the old-style liberals in the Democratic Party are confidently expecting to

retain their two-to-one advantage in the Senate and the House.

It doesn't make sense from any standpoint of pure logic. But there it is, and apparently the Democrats are going to get away with it.

The Republicans have set things up for Jimmy Carter and whomever he chooses for the vice presidency. (Will it be Sen. John Glenn, the spaceman from Ohio who is the least controversial of those mentioned for the job?) Watergate has left the Republicans in such disarray that they haven't been able to build up congressional candidates to take the play away from the cohorts of Tip O'Neill of Massachusetts, who will surely be the next Speaker of the House. And there is no possibility of Republicans making great gains in the Senate.

So we are left with a most paradoxical situation. Jimmy Carter went into this week's convention wearing McGovernite clothes. He was said he wants a guaranteed income plan—a "fairly uniform, nation-wide payment" which is indistinguishable from McGovern's ill-fated "thousand-a-year" promise. He supports a Full Employment Act and a national "planning" approach that would, even in the estimates of liberal economists, cost somewhere between \$20 billion and \$35 billion.

He talks of new city rehabilitation programs, new mass transport, new comprehensive national health insurance schemes, increased Federal aid to education — good things in the abstract but highly inflationary (and hence carrying a built-in self-destruct mechanism) in the concrete.

The Republicans should be able to expose the Democratic program as an advanced of what has aptly been called the "British disease." It is a program for national bankruptcy. But there will be little enough time between the Republican Kansas City convention in mid-August and the election in November for a disheveled G.O.P. to organize a reasoned and effective appeal to a nation that desperately wants something better than a Jimmy Carter wearing McGovern hand-me-downs.

I am not an enemy of Gerald Ford. I think he would make a decent second-term record for himself if he could be elected. But he is an inarticulate man who would have to get himself a whole new set of speechwriters to command the eloquence needed to pin Jimmy Carter down. Ronald Reagan, with his most engaging TC personality and his thorough grounding, going back to his days in the Screen Actors Guild, in anti-collectivist political and economic principles, would be able to carry the war of ideas right into Jimmy Carter's camp.

Even at that, Regan would have a tough time. For the fact is that Carter is as elusive as a salamander. If the opinion polls can were to show a drift toward Reagan in late September, you can be sure that Jimmy Carter would emerge as the sound business man who has known how to make a profit out of Georgia peanuts. One way or another, Carter, as a son of the South, is bound to get that "southern strategy" working for him.

If the Republicans are going to lose — and I fear that is what is going to happen — they can still deserve well of their country if they succeed in pulling Carter back to the rightward path on which he started his campaign in the early New Hampshire and Florida primaries.

Since Republicans are a dying breed, probably the most we can hope for is the emergence of a Mexican-type situation inside the Democratic Party. In Mexico the liberals and the conservatives fight it out every few years inside the dominant Party of Revolutionary Traditions to see what program will be accepted. Pluralism prevails in Mexico despite the lack of any real two-party contest.

We can come to that, but only if some way is found to keep Honest Jimmy Carter truly honest. Reagan is a better man than Ford to carry out such a sacrificial task.

### NOTICE OF APPOINTMENT

### Ohio Perspective

## Judge seeks arbitrators

MEDINA, Ohio (AP) — Medina County Common Pleas Court Judge Neil Whitfield has proposed a plan aimed at postponing the need for adding a third judge to the county bench.

He envisions having experienced trial lawyers acting as arbitrators in civil cases involving amounts of \$10,000 or less.

The cases would be assigned to an arbitration hearing, with attorneys being able to take the case back to court if they disagree with the decision.

To avoid any conflict of interest, lawyers from the Summit County Bar Association would hear cases involving Medina County residents and attorneys from Medina County would sit in cases involving residents of other counties.

Up to three lawyers could sit as arbitrators in a case, but Whitfield believes that one lawyer would be enough in most cases.

The lawyer-arbitrators would be paid \$75 a day, which would be covered by court costs in most instances.

"It's a plan that has worked successfully in other Ohio counties and I see no reason why it can't work here," Whitfield said.

"Of course, a lot depends on how well the lawyers accept it. Some attorneys don't like to have anything heard except by a judge and jury. There would have to be some rethinking on their part."

"We get a lot of cases filed here that don't involve much money. The arbitration plan would help cut down on our case load and allow us to concentrate on criminal cases," he said.

Whitfield has received tentative approval from county commissioners to locate the arbitration hearing room in the commissioners' former chambers in the old courthouse.

"We wouldn't be hiring any new staff people, either. We already have a secretary that could cover the arbitration hearings in addition to her other duties."

"That's a whole lot different than setting up a new court with a judge, bailiff and secretary."

Whitfield said he has volunteers from the Summit and Medina County bar associations willing to act as arbitrators.

He said he still must finish a draft of rules for the arbitration hearings and submit them to the Ohio Supreme Court for approval.

## Dear Abby:

ABIGAIL VAN BUREN

### When to tell men about breast surgery

DEAR ABBY: I am 28, unmarried and have just had one breast removed (cancer).

When I meet a man who is not aware of the surgery I've had, do you think I should tell him about it or not? I've discussed it with several people. My mother says, "Don't tell him until you are engaged to marry him."

My physician says, "Tell him as soon as you think he could become seriously interested in you."

My best friend says, "It is best to tell a man early in the friendship because it might make a difference in the way he feels about you, and it's unfair to hold it back."

I would like your opinion and the opinion of men who may have had some experience with this problem.

### HAVING DOUBTS

DEAR ABBY: I vote with your physician. Readers?

DEAR ABBY: I wear a wig sometimes, but not all the time. I have this friend who, no matter who is present men, women or strangers will walk up to me, lift up my hair (or wig) and even tug on it and ask, "Is that a wig you're wearing or is that your own hair?"

Abby, when she does that, I get terribly embarrassed. How can I tell her in a nice way, so I don't offend her, that whether I'm wearing a wig or not is nobody's business but my own?

### WIG-WEARER

DEAR WIG-WEARER: Tell her in plain language. And if she embarrasses you in this manner again, give the same consideration to HER as she gives to YOU. (Like practically none.)

DEAR ABBY: I am very much in love with a wonderful man and we are planning to be married just as soon as my divorce comes through, which should be within the next few months.

My fiancé wants to give me a diamond engagement ring right now. Would it be proper for me to wear an engagement ring while I'm still legally married? I don't really feel married. I've been separated from my husband for over a year.

### IN LOVE AND CONFUSED

DEAR IN: Until you're divorced you're married. Cool it until your divorce is final.

CONFIDENTIAL TO HEART-SICK IN HURON, S.D.: Tell your husband you found the letter and give him a chance to explain it. Don't prejudice him.

## Today In History

Today is Friday, July 16, the 198th day of 1976. There are 168 days left in the year.

### Today's highlight in history:

On this date in 1945, the Atomic Age began as the first atomic bomb was exploded over the desert in New Mexico.

On this date: In 1790, the District of Columbia was established as the seat of the U.S. Government.

In 1918, Russia's Czar Nicholas II, his empress and their five children were executed by the Bolsheviks.

In 1951, King Leopold III of Belgium abdicated and was succeeded on the throne by his son, Baudouin.

In 1957, Marine Maj. John Glenn established a trans-continental speed record when he flew a jet from California to New York in 3 hours, 23 minutes.

In 1965, Ambassador Adlai Stevenson, who had died in London, was given a national funeral in Washington.

In 1974, Archbishop Makarios, who had been deposed as president of Cyprus, was on his way to New York to plead his cause before the United Nations.

Ten years ago: India's Prime Minister Indira Gandhi ended a visit to Moscow with a promise of \$1 billion in Soviet aid for her country.

Five years ago: The Nationalist Chinese Government on Taiwan expressed dismay at the announcement that President Richard Nixon would visit Communist China.

One year ago: It was disclosed that the Soviet Union had made a deal to buy vast quantities of wheat from two American grain export firms.

Today's birthdays: Actress Ginger Rogers is 65 years old. Actress Barbara Stanwyck is 69.

Bicentennial footnote: Two hundred years ago today, a British flotilla tried to seize St. George's Island near the mouth of the Potomac River to take on fresh water but was driven off by the local militia.

### INVITATION TO BIDDERS

Bids will be received and opened on August 16, 1976 at 11:00 A.M. in the office of the Fayette County Commissioners for one (1) 20 passenger School Bus for the Progressive School.

Specifications are on file in the office of the County Commissioners  
FAYETTE COUNTY COMMISSIONERS

## Your Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

### SATURDAY, JULY 17

#### ARIES

(March 21 to April 20)

Do not neglect responsibilities in pursuit of pleasure - or through sheer boredom. Also, be tactful in making requests, not demanding.

#### TAURUS

(April 21 to May 21)

Some admonitions now: Be forbearing with trying and irritating situations, and DO wait until the time is ripe before acting on a decision, no matter how well-considered.

#### GEMINI

(May 22 to June 21)

You have instinctive know-how in many areas, but may tend to get off the track now, unwisely go off on tangents. Concentrate on essentials; evaluate all situations carefully.

#### CANCER

(June 22 to July 23)

Fine deeds of the past could now bear fruit beyond your expectations. Travel and romance in high favor.

#### LEO

(July 24 to Aug. 23)

If planning changes, make certain

first that they are for the better; also that they meet with the approval of others involved. A time for making ALL moves thoughtfully.

#### VIRGO

(Aug. 24 to Sept. 23)

Use good judgment in all situations: restrain vigor when it seems politic, be aggressive when such tactics are required.

#### LIBRA

(Sept. 24 to Oct. 23)

You are usually more than competent in handling difficulties "on your own," but this is a day when you may need a little advice. If so, seek it from competent sources only.

#### SCORPIO

(Oct. 24 to Nov. 22)

Stellar influences now encourage your best endeavors and promote happiness in your personal life. Do not fear the outcome of anything you undertake. This can be YOUR day.

#### SAGITTARIUS

(Nov. 23 to Dec. 21)

Gear yourself to a pace adequate for THIS DAY's program and keep it there, neither slackening nor hurrying. Romance and friendship favored in the p.m.

#### CAPRICORN

(Dec. 22 to Jan. 20)

Good planetary influences. You can manage in better-than-ordinary fashion, yet must take precautions not to underestimate or overevaluate new propositions.

#### AQUARIUS

(Jan. 21 to Feb. 19)

Generous aspects now stimulate your interests and proclivities, and your personality should make itself felt where it counts. Enjoy the day!

#### PISCES

(Feb. 20 to March 20)

Some situations may be getting out of hand. This is the time to use your wits and clear up matters insofar as YOU are personally concerned.

YOU BORN TODAY are a loyal and conservative individual, endowed with outstanding integrity and a tremendous sense of responsibility. Family, friends and business associates will never have to fear the outcome of projects entrusted to your hands since you are meticulous in fulfilling any mission you undertake. You have a fine business acumen, and could succeed in the commercial world as an investment counselor, banker or corporation executive. You are not as scientifically inclined as most Cancerians but are, nevertheless, a scholar at heart, and could excel as teacher, lecturer or diplomat. You also have a gift for writing, with the law and the theater other choice outlets for your talents.

### LAFF - A - DAY

"No! I don't think it would be a great idea to have a cockout this weekend!"

Wednesday  
7:30 p.m. Prayer meeting and Bible study.

## Christian advice column says stop hating yourself

**Question:** I've been having negative thoughts about myself. How can I feel better about me?

**Answer:** The first thing to do is stop saying you hate yourself. If you really listen to your conversation, I think you'll be surprised to hear how much you put yourself down. Things like, "I'm not an interesting person," "I've never been good at anything like that," "I won't win, I never do." Don't let yourself say or even think such negative, critical, poisonous thoughts. I don't think you treat your child or friend as harshly as you treat yourself. For example, when a child says, "I'm so afraid I'll fail," you build up his confidence by encouragement and assurance. It seems our belief in another person helps him to succeed, can even increase his ability and improve his performance. Why shouldn't you treat yourself with as much gentleness and understanding? Encourage and love yourself. Begin appreciating yourself and recognizing your unique worth. I think you should. Jesus thought so, too. He told us to love our neighbor as ourselves. I am to love myself as much as I love others. Maybe I can't love anybody else unless I love myself. Do you know you're supposed to love, not hate yourself? I have done

that. . . hated myself and felt inferior. I know it's wrong and against God. His love can heal your inner hurt. He wants you to quit hating yourself. He wants you to forget about the things you aren't and concentrate on what you are.

You are His creation. You are valuable to Him. You are unique and irreplaceable. In God's eyes there's nobody else in the world like you. He knows all about you. He loves you just because you are you, not for your successes or failures. He loves you more than you can ever imagine and He loves you with an everlasting love. This means He is always going to love you. . . even when you don't like yourself, when you're miserable and afraid, when you've hit rock bottom and there's no place else to go. . . God still loves you and believes in you. You are still His child. And nothing can change the fact that you belong to a loving Father. I believe this is the real key to feeling you have worth as a person.

Much of the course of the Ohio River is in a valley from 400 to 600 feet below the top of the hills beside it; it falls about five inches every mile, descending 430 feet before it reaches the Mississippi.

## REMEMBER THE SABBATH DAY TO KEEP IT HOLY!!

4th Commandment - You Found It? I found it too. God's salvation and his sabbath day rest. If I told you that the day of Pentecost when the people spoke in other tongues was on a sabbath day would you believe it? Yes it was on a sabbath day. I found it, it's in the Bible. When Jesus said, "Come all unto me who labor and are heavy laden and I will give you rest". What rest was he talking about in your estimation? Maybe it was his Seventh Day rest. Receive God's long awaited blessing for you this Sabbath (Saturday).

Exodus 34 verse 21 & 22

Evangelist Nelson  
2264 Woodland Ave.  
Columbus, Ohio 43211

## the illustrated Bible Drowning of the Innocents

And Pharaoh charged all his people, saying, Every son that is born ye shall cast into the river. - Exodus 1:22

A generation passed and, with the years, Joseph and all of his family had died. Simultaneously, a new king had come to rule over Egypt and, unlike his predecessor, he was anything but friendly to the Israelites, who had come to Egypt in great numbers. He feared their might and also feared that, should war ever come to the land, they would join the enemy. Seeking to weaken them, he forced the Israelites into abject slavery. He made them work not only in the fields, but with brick and mortar, to erect great buildings—including all those in the great cities of Pithom and Raamses. But the more he afflicted them, the stronger did the Hebrews become and the more did they multiply. Finally, desperate, he ordered that all their newborn males be cast into the river to drown.

Next Week—MOSES FOUND BY PHARAOH'S DAUGHTER

## Being 'born again' pondered

By GEORGE W. CORNELL  
AP Religion Writer

NEW YORK (AP) — Since Jimmy Carter says it has happened to him, many people are wondering just what being "born again" means. Those versed in the New Testament know, of course, but studies show there's considerable illiteracy in that area these days, even among Christians.

Some don't understand — or misjudge — the concept.

Like various other religious terms, it is "puzzling to modern minds," says the Rev. Dr. Henlee Barnette of Southern Baptist Theological Seminary in Louisville, Ky. "Even some Christians have vague notions as to what the phrase actually means."

Sometimes, they associate it only with revival-tent emotionalism or a momentary, crowd-induced "high," bereft of rationality. But that wasn't its original Biblical context. Instead, it was the subject of a thoughtful, private conversation between Jesus and a fellow rabbi, Nicodemus.

"That which is born of the flesh is flesh, and that which is born of the Spirit is spirit," Jesus says in John 3:6-7. "Do not marvel that I said, 'You must be born anew'."

Actually it's sort of a point of discovery about a person's place and purpose in life, how it all hangs together in the province of God, has direction and makes sense personally and universally, and an inner affirmation of it.

It's a little like Archimedes realizing the law of material mass and exclaiming, "Eureka! — I have found it!"

In spiritual rebirth, a person gains "a whole new perspective of the world," says Dr. Barnette, a professor of Christian ethics. "While it is the same old world, he sees it through new eyes."

It is an act of mind, will and emotion — and a definite new commitment to its impact. It can happen suddenly or through an extended period of cumulative experiences, deepening awareness and determination of the will. It is an awakening to meaning, in God's universal design; it is being "saved" from futility and meaninglessness.

"Salvation" is a much more common experience among contemporary Americans than many people seem to think," says the Rev. Dr. James T. Baker, a religious historian of Western Kentucky University.

"All in all, it's a perfectly natural experience that answers perfectly normal needs. . . It is being called by God and responding."

While the experience often is caricatured as a cultic trait only of

holiness groups, he says "this is not really the case." He cites material from scholars of Roman Catholic and other high liturgical churches to show they all embrace the concept, if not the particular terminology.

Sometimes it's called a "spiritual conversion" or "turning point" in a

person's life by an act of will. The Rev. Dr. Frank H. Crumpler, evangelism secretary for the Virginia Baptist General Board, says it occurs when a person "voluntarily submits himself to the Lordship of Christ" and "determines that in the power of God's Spirit, he will live the Christian life day by day."

YOUNG SINGERS — The Gregg Street Church Ensemble will present a special program next Thursday on the courthouse steps.

## Singers slate outdoor event

As part of the old-fashioned bargain days celebration in Washington C.H., the Gregg Street Church Ensemble will present "I Love America" at 7:30 p.m. Thursday on the courthouse steps.

"I Love America" is a bicentennial musical by John W. Peterson and Don

Wyrzten. According to a Gregg Street spokesman, the musical relates "our love for our land, and is a tribute to our county and its flag."

The 16 singers in the ensemble are under the direction of Terry Miller. The ensemble presented "I Love America" on July 4 at the Gregg Street Church.

## 5 bishops assigned

SIOUX FALLS, S.D. (AP) — Five bishops were assigned new areas during the closing session of the North Central Jurisdiction of the United Methodist Church Thursday evening. Assigned to the Iowa area for a four-year term was Bishop Lance Webb, who has been in central Illinois for the past 12 years.

Bishop James S. Thomas will move from Iowa to the east Ohio area, and Bishop Dwight E. Lodder was reassigned from Michigan to west Ohio.

Bishop Leroy C. Hodapp, elected during the three-day convention, was assigned to central and southern Illinois, while Bishop Edsel A. Ammons, also newly-elected, was assigned to Michigan.

Bishop James Armstrong of the Dakotas was reassigned for another four years.

St. Luke's Church in Granville, Ohio, built in 1837, still has most of its original furnishings, including an old brass chandelier, pewter communion service and walnut box pews with doors.

Washington C. H. (O.) Record-Herald - Page 6

## United Methodist Women

Mrs. Will Braun and Mrs. Omar Rapp combined hospitalities in the former's home when the Bloomingburg United Methodist Women gathered for the July meeting Wednesday afternoon. There were 13 present. Mrs. Lawrence Garinger gave devotions.

President Mrs. Eli Craig read "Human Nature" and reports were made by Mrs. Robert Huff, secretary, and Mrs. Lawrence Garinger, treasurer. The ladies will make potato salad for the next Blood Bank, Aug. 5.

Sept. 25 the group will sponsor a Fish Fry at the Bloomingburg Town Hall.

For the program for the afternoon, Mrs. Wayne Bloomer read an article concerning Abraham Lincoln and "As We Forgive These". She also read a prayer which Thomas Jefferson had read daily for eight years.

Those present were the Rev. and Mrs. Harold Messmer, Mrs. Bloomer, Mrs. Craig, Mrs. Garinger, Mrs. Rapp,

Mrs. Robert Huff, Mrs. Charley Hughes, Miss Florence Purcell, Mrs. William Rockhold, Mrs. Dale Thornton, Mrs. Charles Wilson and Mrs. Braun.

## Couple observes 42nd anniversary

Mr. and Mrs. Harry C. Bellar of 722 Peabody Ave., observed their 42nd wedding anniversary July 14. Mr. Bellar is a retired employee of the Midland Grocery Company after 26 years of service.

The Bellars are the parents of four children, Ralph Bellar Sr., of Washington C.H. Mrs. Anna Mae Litteral of Hubert, Mich., Mrs. Helen Frost of Arizona and Calvin L. at home. They also have 15 grandchildren and two great-grandchildren.

## Wedding set for Oct. 9

MISS REGINA L. MATHEWS

Mrs. Gerald Scott of 904 Lakeview Ave., and Mr. William Mathews of Florida, have announced the engagement of their daughter, Regina Lynne to Joseph Alan Downs, son of Mr. and Mrs. Earl Russell Downs of 811 S. Main St.

The bride-elect is employed by Hidy's Food and her fiancé is employed by A. and D. Management.

The wedding will take place at 2:30 p.m. Oct. 9 in the South Side Church of Christ with the Rev. James Creamer officiating.

## Retired teachers enjoy picnic

Dr. Dwight Ireland welcomed the Fayette County Chapter of Retired Teachers and their guests to his Cedarhurst cottage for a picnic recently. All had a very delightful evening, and 32 were in attendance.

Miss Marjorie Evans, president, welcomed the group and thanked the host for his hospitality.

Miss Kathleen Davis and Mrs. Gilbert Adams assisted Dr. Ireland.

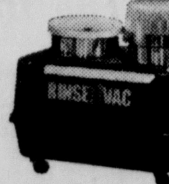

## LOSE WEIGHT THIS WEEK

ODRINEX contains the most powerful reducing and ever released to the public without a prescription—clinically proven by a leading University Hospital. SAUCES VARY FROM REGION to region but chicken is a nationwide favorite for the outdoor grill. Chicken halves, above, are basted with West Coast Barbecue Sauce, a tasty blend of native ingredients which reflects the culinary influence of early California settlers.

## Chicken on grill American

### CHICKEN ON GRILL AMERICAN TRADITION

Enjoyment of outdoor cooking could be called an "inherited" American taste. It has been a part of this nation's culinary heritage since its earliest days.

And chicken is probably the country's favorite barbecue dish. Certainly, it is the most versatile.

Whole or parts, halves or quarters, chicken is a natural for the grill. Its delicate flavor goes well with an almost limitless variety of sauces so a new taste treat can be created each time chicken is served.

Much contemporary barbecuing is done, as was true in Colonial days and on every frontier, because it is more pleasant to cook outside when the weather is warm. From clambakes in New England to luaus on the West Coast, aromas from chicken cooking on the grill permeate the air.

Sauces vary from region to region but backyard barbecues are popular everywhere both for family meals and entertaining guests.

Back when the Dons first came to California, grilled meat was a part of every festive gathering. Their sauces were influenced by their Spanish heritage—and the fruits of the region.

The first European cooks in North America were the 16th century Spanish soldiers and priests. California had no European inhabitants until 1769 when Franciscan priests established their first mission at San Diego.

Colonists brought with them their favorite foods from Spain—citrus, trees, grapes, olive trees, dates and figs. The tomato was a staple in the diet of early California settlers long before it was popular or even considered edible in other places.

Adopting the practice of outdoor grilling the meat from the Indians, the Spaniards added sauces which are similar to many of today's favorites—thick tomato variations with accent of hot peppers and garlic; the more delicate citrus seasoning of lime and lemon as well as orange; and even wine and herb-flavored mixtures.

All of these are delicious with chicken. The National Broiler Council has two variations of California bar-

becue sauces (below) which are sure to win favor with outdoor cooks everywhere.

They're great for a family meal cooked on the grill or for a more formal patio party when kabobs are cooked at the table on a hibachi.

### WEST COAST BARBECUE SAUCE

2 broiler-fryer chickens, halved  
1/4 cup butter, melted  
1/2 cup tomato sauce  
1/2 cup freshly squeezed orange juice  
1/2 cup honey  
1/4 cup freshly squeezed lemon juice  
2 tablespoons soy sauce  
1/2 teaspoon ground ginger

Combine butter, tomato sauce, orange juice, honey, lemon juice, soy sauce, and ginger in saucepan; cook over medium heat until well blended. Place chicken halves on hot grate over ash-covered charcoal. Baste generously with sauce. Cook until tender turning and brushing frequently with sauce. Allow 45 minutes to 1 1/4 hours cooking time, depending upon weight of chicken and distance from heat. To test for doneness, juices should run clear when leg-thigh joint is pierced with a fork.

Serves: 4.

### WINE BARBECUE MARINADE

2 broiler-fryer chickens, halved  
1/2 cup salad oil  
1 cup white wine  
2 cloves, garlic, grated  
1 tablespoon onion, grated  
1 teaspoon onion, grated  
1 teaspoon pepper  
1/2 teaspoon thyme  
1/2 teaspoon rosemary  
1/2 teaspoon marjoram

Combine salad oil, wine, garlic, onion, salt, pepper and herbs and chill for several hours. Place chicken halves in shallow pan. Pour chilled marinade over chicken halves and refrigerate for 3 hours. Place halves on hot grate over ash-covered charcoal. Cook approximately 45 minutes to 1 1/4 hours, depending upon weight of chicken and distance from heat. Baste with marinade near end of cooking time. To test for doneness, juices should run clear when leg-thigh joint is pierced with fork.

Serves: 4.

## CALENDAR

### FRIDAY, JULY 16

Sunyside Willing Workers meet at 6:30 p.m. in the home of Mrs. Bessie Moots in Leesburg. Potluck supper.

### SATURDAY, JULY 17

Class of 1966 of WHS reunion at Washington Country Club. Social hour at 7 p.m. with dancing afterwards. Call Mrs. Joseph Murphy (335-8359) for reservations, 600 Damon Drive, by July 10.

### MONDAY, JULY 19

Welcome Wagon arts and crafts group a meets with Mrs. Hank Shafer 211 Sycamore St., at 1 p.m.

Past Chiefs Club, Pythian Sisters, meet with Mrs. Ray Rumer in Book-walter for noon carry-in luncheon.

Burnett-Ducey Post and Auxiliary meeting at 7:30 p.m. in VFW Hall, W. Elm St.

Past Matrons, Past Patrons of Royal Chapter potluck supper at the home of Mrs. Marie Mace at 6:30 p.m.

### WEDNESDAY, JULY 21

Posy Garden Club meets at 2 p.m. in the home of Mrs. Bess Seaman.

Town and Country Garden Club picnic and swim party at Craig cottage at Cedarhurst. Swimming at 5 and picnic at 7 p.m.

D of A meets at 6:30 p.m. at VFW Hall, W. Elm St., then go to Duff's in Wilmington for dinner.

### MONDAY, JULY 26

Eagles Auxiliary meets at 8 p.m. in Eagles Lodge Hall. Initiation and refreshments.

## BPW committee meets, discusses projects

The finance committee of the Washington C.H. Business and Professional Women's Club met recently for a potluck supper and business meeting in Eyman Park. Over the fiscal year, the finance committee will be promoting several money-making projects. Among the projects discussed were candy sales and the BPW card party and style show.

In addition to making plans for fund raising, the finance committee also made preparations for the club's September dinner-meeting.

B PW members in attendance were Mrs. Ivan Kelley, Mrs. Charles Hughes, Mrs. Doris Diffendal, Mrs. Robert Goldsberry, Mrs. Russell Miller, Mrs. Janet Pope, Mrs. Bernard Witherspoon, Mrs. Carvel Echard, Miss Helen Slavens, and Mrs. Wayne VanMeter, representing the club's bulletin committee.

By 1850 there were 65 public libraries in Ohio with a total of 65,703 volumes.

## Youth Activities

### PERRY PEPPY FARMERS

Paula McClure brought the Perry Peppy Farmers 4-H Club meeting to order and led the pledges. They are new rules for the project book, they are not due until Aug. 6.

Charles Wehner gave the junior health and safety report. Bruce Carson moved for adjournment and Teresa Grose seconded it.

Cathy Mitchell, reporter

### BLUE RIBBON CHAMPS

The meeting of the Blue Ribbon 4-H Champs was brought to order by Jana Overly at the home of Joan and Butch McCoy. Mark Holloway led the group in the pledges followed with devotions by Duane Matthews.

Roll call and minutes were given by Kellie Mick. A senior health report was made by Dale Klepek on "Physical Fitness."

The next meeting will be held at the home of Sandy and Tim Schaefer. Refreshments will be served by Kris Overly, Jack Redman and Mark Smithson. Duane Matthews motioned for adjournment.

Lisa Perrill, reporter

### A-OK CLUB

The meeting of the A-OK 4-H Club was held in the home of Jackie and Nancy Martindale. The meeting was called to order by club president Ben Stockwell and pledges were led by R.G. Alkire. The reports were made. Club members should have fair entries and health papers at the Mahan Building by 4 p.m. July 17.

The next meeting will be held in the home of Mark and Diane Davis. Following adjournment, refreshments were served. A game of softball was enjoyed.

Susan Humphreys, reporter

### BROWNIE TROOP 877

Brownie Troop 877 met Thursday evening at the home of Mr. and Mrs. Felix Stevens, Milledgeville, to get acquainted with the parents of the girls in the troop. Parents also met the new leaders, the Stevens' and Mr. and Mrs. David Shoemaker. They also discussed plans for the Fayette County Fair booth.

Next Tuesday, July 20, the group will meet again to make posters and get items for the fair booth. There are seven girls in the troop: Kelly Coats, Samantha Shoemaker, Melissa Woodrow, Tongah Rayburn, Lavon Stevens, Mary A. Ison and Angie Ison.

### COUNTRY COUSINS

The Country Cousins 4-H Club entertained their mothers at the home of Mrs. Jayne Lange. Loretta Braun, president of the club, presided at the tea table. Advisers Mrs. Lange and Mrs. Portia Cunningham, reviewed the project requirements and judging for the Fayette County Fair.

Junior leaders helped the girls fill out their fair exhibit cards. Clothing and creative arts projects will be judged July 21 and 22. Nutrition projects will be judged during the fair.

Cynthia Cunningham, reporter

### DEDICATED DOERS 4-H

The meeting of the Dedicated Doers 4-H Club was held in the home of Debbie Benson, when Teresa Mickie called the meeting to order, and Debbie led the pledges.

Mrs. Mickie called the roll which was answered by naming a favorite teacher, and Susan Cowman read minutes of the previous meeting. Teresa reported on her health report entitled "Burns." Debbie gave a demonstration on "How to Set a Table." Marlene Braun brought some slides on nutrition. They showed the girls a good balanced meal and some helpful hints for their judging. Teresa made the motion for adjournment, and Mikki McCoy seconded it.

Debbie served refreshments and led recreation. The next meeting will be held at 7 p.m. July 19 (Monday) in the home of Susan Cowman.

Susan Cowman, reporter

### BUSY MAKERS 4-H

President Marie Hall opened the Busy Makers 4-H Club meeting Nancy Binzel led the pledges, and roll call was taken for the five members present. The Constitution for the Club was read and signed.

The next meeting is planned for Tuesday in the Presbyterian Church. Maurica Milstead gave a safety report on how to use a knife safely and Marie gave a health report on how much sleep we should have.

Jan Hanawalt, reporter

### BLUE RIBBON CHAMPS

The meeting of the Blue Ribbon Champs was called to order by J.T. Perrill at the home of Sandy and Tim Schaper. Pledges were led by Mark Holloway followed with roll call and minutes by Jana Overly. Crystal Matthews gave the treasurer's report, and Dale Klepek gave the senior health report on "Alcohol and Youth." Kellie Mick gave the junior safety report on "Acid Proof Your Poisons."

Business was discussed of the Ohio State Fair and the Fayette County Fair projects. A family picnic tour will be July 18, and members received \$5 each who helped with the trash pickup.

Lori Holloway motioned for adjournment and Jack Redman seconded the motion. The next meeting will be the family tour.

Lisa Perrill, reporter

### A-OK 4-H CLUB

The meeting of the A-OK 4-H Club was held in the home of Ben and Amy Stockwell; Ben, the president, called the meeting to order and Mark Davis led the pledges. Reports were made and health leader Davy Kile gave a health report entitled "One of Man's Worst Enemies-Smokies." The club members discussed what they were going to do for a Bicentennial project. Adviser Terry Sword and Cindy Knisley gave project books to the club members. The next meeting will be held in the home of the Davis'. Refreshments were served.

Lightening bolt destroys barn

In spite of a prevalence of heavy rainfall Thursday evening throughout most parts of Fayette County, a barn was completely gutted by fire, and, in a separate incident, Washington C.H. firemen had to extinguish a grass fire at 6 p.m. Thursday.

A barn belonging to Jesse Persinger, 6365 Ford Road, and located on the Marchant-Luttrell Road, just west of South Plymouth, was struck by lightning at approximately 6 p.m. Thursday, and, according to a neighbor, immediately "engulfed in flames."

The Sabina Fire Department was summoned to the scene, but, according to the Fayette County Sheriff's Department, could do nothing to prevent the fire, already in an advanced stage, from completely destroying the edifice and contents. A figure for the estimated damage has not been established yet.

Persinger said the fire reduced the

structure to ruins and was still smoldering at 10:30 a.m. Friday. The blaze destroyed 2,100 bales of hay and a 42 foot elevator stored within the building. The Sabina Fire Department was present at 9 a.m. Friday to again extinguish the rubble with water.

A 6 p.m. Thursday grass fire in a ditch along property belonging to Rose Allen, 2758 Ohio 41-N had to be extinguished with water by Washington C.H. firemen. According to Washington C.H. Fire Chief Maynard L. (Joe) Denen, the storm that hovered over a large part of the county at that time, did not develop any precipitation over that area.

Fayette County sheriff's deputies reported that a large tree fell across the Washington-New Martinsburg Road at 6:50 p.m. Thursday, blocking the roadway, and stopping traffic for an hour and a half.

The tree, which fell across the road just north of the intersection with the Greenfield-Sabina Road, was removed by the Fayette County Highway Department.

3 arrested for murder

CLEVELAND (AP) — Police said the body of missing Cleveland steelworker Joseph Tryjefaczka was found in Walton Hills Thursday night after two men and a woman were arrested on murder warrants in New Orleans.

Police declined to say how the 64-year-old Polish immigrant's body was found except that they acted on a tip.

Arrested in New Orleans were 19-year-old Cleveland Epler, Allen Keck, 23, and Keck's wife, Katherine, 21.

Police said the three had been living in the East 55th street building where Tryjefaczka lived until he disappeared 45 days ago.

The badly decomposed body was wrapped in a rug and was found in high weeds in the Cleveland suburb, police reported.

They said it had been rumored that Tryjefaczka kept \$80,000 in cash and bonds in a shoe box in his room.

Ohio GOP delegation readied

By ROBERT E. MILLER  
Associated Press Writer  
COLUMBUS, Ohio (AP) — Peace prevailed Thursday at the organizational meeting of Ohio's delegation to the Republican National Convention, probably because strength lies in numbers.

The pro-President Ford contingent — he has 91 delegates to challenger Ronald Reagan's six — came from the closed meeting with all officers and convention committee members named from the incumbent's ranks.

Jane Fox, a Reagan delegate from the 17th Congressional District, was nominated for membership on the convention's platform committee, but lost to Joan Davidson of Columbus on a roll call that wasn't divulged to the press.

McGough, elected chairman of the delegation, said there were no complaints or debate from the Reagan delegates. "They might have asked some questions about hotels and seating, but that was about all," he said.

Gov. James A. Rhodes, McGough, and the GOP State Central and Executive Committee came out for the President months ago. They have used their leadership to make the President's backing in Ohio nearly impenetrable for Reagan, despite the Californian's substantial popular support (45 per cent in the June 8 primary).

Earlier Thursday, McGough appeared at a news conference with Mary Louise Smith, the GOP national chairwoman, and she came close to an open Ford endorsement. "I've said all along he (Ford) would be our candidate," she said. But at another point, she admonished a newsman "you're asking me to evaluate the candidates."

Mrs. Smith and McGough expressed jointly their pleasure in the selection of Sen. Walter Mondale, D-Minn., by Jimmy Carter as the Democratic presidential nominee's running mate. Mrs. Smith said Mondale represents "the Democratic establishment he (Carter) truly can't do without." She called the Democratic ticket "vulnerable, and we are going to take full advantage of it."

McGough indicated some relief that Carter did not pick Sen. John Glenn, D-Ohio, whose million vote victory in 1974 loomed as a possible problem for the GOP in Ohio this year. Had Glenn been on the ticket "our job would have been more difficult, but we still would have carried the state," McGough asserted.

Mrs. Smith, who came here to ad-

dress 450 Republican women at a luncheon, charged that Carter "has turned back to the Washington scene, the things he's been running against."

And she said unity at their Democratic convention this week was more imagined than real. "They plastered over their differences," she said.

The figures on the savings which the Washington C.H. Board of Education will realize by accepting the bid of Wonder Bread, Inc., Columbus, have caused some confusion.

The Wonder Bread bid was seven cents per loaf less than that submitted by Pennington Bread Co. This amounts to a difference of \$1,500 to \$2,000 per year for the schools.

A typographical error appeared Thursday in a letter to the editor concerning this subject. Although the letter by Earl G. Horney appeared with figures of \$15 and \$20, it should have read \$1,500 and \$2,000.

Official canvass of votes held

COLUMBUS, Ohio (AP) — Secretary of State Ted W. Brown held the official canvass of votes cast in the June 8 primary election Thursday.

The canvass is the official compilation of the final vote tallies certified by the secretary of state's office from the 88 county boards of elections.

The results show Democrat Jimmy Carter as the leading vote getter with over 52 per cent of the total vote by Democratic electors, gaining 126 delegates of a possible 152.

President Ford took just over 55 per cent of the total Republican vote and garnered 91 of a possible 97 delegates over Ronald Reagan.

The results also show former U.S. Sen. Howard Metzenbaum took the Democratic U.S. Senate primary with 53.3 per cent of the vote Incumbent Republican Sen. Robert Taft was unopposed in the Republican primary.

Brown said the legal significance of the official canvass is that this begins the period of time during which recounts or protests may be filed.

## Leukemia carnival eyed by local CB radio club

More than 100 members and guests attended the July meeting of the Fayette County Night Owls Citizens' Band Radio Club.

The club welcomed several new members and discussed plans to participate in the Washington C.H. Leukemia carnival.

New members include Mr. and Mrs. Richard Willis, Mr. and Mrs. Sam Parrett, Mr. and Mrs. Dale Everhart, Mr. and Mrs. Robert Minshall, and Mr. and Mrs. Robert Cummins.

Mr. and Mrs. Leroy Crabtree, 343 Staunton-Jasper Road, addressed the group. Founders of the Washington C.H. Leukemia carnival, the Crabtrees' daughter, Julie Beth, was formerly the Ohio poster child for the Leukemia Society.

Begun in 1974 at the insistence of their daughter, the Crabtrees' "backyard carnival" quickly outgrew their yard and moved to Eymann Park in 1975. This year's carnival will be held Sept. 18, and the Night Owls will sponsor one of the booths.

Club members donated bed and bath linens to fellow CB'er George Hall, whose home was destroyed by fire last month.

Night Owls will participate in the Old Fashioned Days celebration July 23 and 24. Baked goods and handmade crafts will be sold at the club booth.

The club will also have a display at the Fayette County Fair. It will consist of trophies the club has won as well as literature on various Night Owl projects.

Another trophy was added to the collection last month when a caravan travelled to Lancaster for a jamboree. The local club had more members present than any other club.

The \$90 monthly jackpot was won by Don Kinney. Dale Everhart won a microphone in the club raffle.

## Stebbins arguments completed

COLUMBUS, Ohio (AP) — The Senate Judiciary Committee finished hearing oral arguments Thursday on Gov. James A. Rhodes' request for the Senate to oust Gregory J. Stebbins as a member of the Ohio Industrial Commission.

Sen. Anthony J. Celebrezze Jr., D-25 Cleveland, who presided over the final day of proceedings, asked both sides in the dispute to submit written briefs by Aug. 5.

On the final day, counsel for Stebbins, an appointee of former Democratic Gov. John J. Gilligan, denied Rhodes' allegations that the former commission chairman gained financially by virtue of his position in a Columbus real estate transaction.

Stebbins did not take the stand, nor did his lawyers present witnesses.

The Republican governor submitted a list of charges to the committee, including one that alleged a Columbus workmen's compensation claimant purchased a house in which Stebbins was part owner after having received a lump sum settlement of about \$18,000.

Witnesses who testified earlier at the request of the governor's counsel said Stebbins apparently acted alone in approving the industrial accident claim. He was chairman of the three-member agency at the time in 1973.

## 4-day threshers reunion slated

LONDON, Ohio (AP) — A four-day reunion of old steam threshers will be held at the Madison County Fairgrounds Thursday through Sunday.

The show, held by the Miami County Steam Threshers, is built around the theme of a "Return to the Good Old Days."

The highlight of the festival will be a downtown thresher parade Friday evening and a grandstand review on Saturday.

## Police officers probe four traffic mishaps

A 17-year-old Washington C.H. youth was charged with failure to maintain an assured clear distance ahead Thursday, after having been involved in an accident on Columbus Avenue, Washington C.H. police officers reported.

A car driven by Craig M. DeMent, 16, of South Solon, was eastbound on Columbus Avenue, stopped for a traffic at the Washington Avenue intersection. A car driven by Jay A. Crummy, 17, of 1094 Springlake Drive, was approaching behind and reportedly struck the other car in the rear, causing slight damage to that car, and moderate damage to his own.

As a result of the 8:15 p.m. Thursday accident, Crummy was cited for failure to maintain an assured clear distance ahead.

Washington C.H. police officers also

investigated two other traffic accidents on Thursday.

Timothy T. Ogan, 18, of Greenfield, told police officers that as he was backing from a parking space on the McDonald's Restaurant parking lot, S. Elm Street, he struck and slightly damaged a car driven by Frank E. Vandermark, 60, of Greenfield at 1:22 p.m. Thursday.

Phyllis Hartley, 34, of Sabina, was charged with backing without safety by police officers after she reportedly pulled forward, eastbound on Columbus Avenue, and struck a vehicle stopped ahead for traffic at the Delaware Street intersection.

The second vehicle was a van driven by Larry A. Chrisman, 31, of 8 Homestead Court. It incurred slight damage, while the Hartley car was moderately damaged in the 9:49 a.m. Thursday accident.

## Two area bankers attend consumer credit session

Two area bankers attended the 13th annual session of the Ohio School of Consumer Credit held on the campus of Kent State University. The five-day school ended today.

Robert E. Harper of the First National Bank of Washington C.H. and Theodore L. Quesinberry of the Huntington Bank of Washington C.H. attended the school which was designed to acquaint participants with all aspects of consumer credit including such areas as installment loans, bank credit cards, and public relations and marketing.

Classes were geared to the "case history" method of teaching in which students discussed actual cases from the files of Ohio banks.

Each student was exposed to approximately 27 hours of classroom work and 10 hours of group-seminar programs during the five-day course. Each student was required to complete

the entire specialized curriculum, taught by Ohio bankers and university professors, to qualify for graduation.

The school was open to all officers and employees of Ohio Bankers Association member banks, and was sponsored by the association in cooperation with Kent State University.

The Ohio Bankers Association is the statewide trade association which represents all of Ohio's 490 commercial banks and their 2,165 banking offices.

## Phone boost date given

COLUMBUS, Ohio (AP) — Recently approved increases on certain equipment of Ohio Bell Telephone Co. will go into effect Aug. 13.

The boost is part of the \$200 million rate hike approved by the Public Utilities Commission of Ohio last week to bring in more revenue for the utility that serves three-quarters of the state.

The increases that will go into effect next month include:

—A \$2.70 hike in monthly residential telephone bills.

—An increase in pay telephone charges from 10 cents to 20 cents.

## Gilligan offers help

NEW YORK (AP) — Former Ohio Gov. John Gilligan met with aides to Jimmy Carter this week and said he offered his assistance in Carter's presidential campaign. But Gilligan indicated he might be interested in a post in a Carter administration if the former Georgia governor wins.

"I'm interested in politics and government and being useful and helpful wherever I can," Gilligan said. "That doesn't mean I'm blowing bubbles about a cabinet position though, nor has anybody else that I know of."

Gilligan, who endorsed Carter before the Ohio primary, was attending the Democratic National Convention here as a member of the convention's platform committee and said he also was visiting with old friends.

## 4-H roundup

Camping is an exciting and interesting way for boys and girls to learn about physical fitness, hygiene and personal appearance, nature, crafts, group games, recreation, and other meaningful things.

Day Camp is an organized experience in group living on a day time basis. It is generally conducted in a close to home situation so that the campers may sleep and eat morning and evening meals at home, yet during the day participate in a program related to living and enjoying the outdoors.

The Day Camp serves approximately 100 children from the Washington C.H. community by offering them a two week day camp at a cost of \$1.00 each. It is open to anyone ages 8-13. Day Camp will be held at a place close enough for campers to walk. A lunch and two snacks will be served each day. A group of selected teenage counselors will be trained to do this job, along with two Camp Directors.

Mini 4-H projects consisting of nutrition, sewing, home repair, bicycle will be offered to each camper along with such things as games, movies, tours, cook-out, organized recreation and special visitors coming to Day Camp this year.

The first two-week camp will be at Eastside Elementary School four days per week from August 3-6 and August 10-13.

The second two-week session will be at Good Shepherd Lutheran Church, four days per week August 17-20 and August 24-27. Camps will start at 9:30

a.m. and end at 3 p.m. Camps will be limited to the first 50 children registering, on a first come, first serve basis.

Any additional information can be obtained by calling the Fayette County Extension Office at 335-1150.

## Dam work scheduled

COLUMBUS, Ohio (AP) — Officials of Ohio and Kentucky have reached agreement to develop plans for construction of a highway bridge on the Greenup Dam crossing the Ohio River.

Ohio Transportation Director Richard Jackson said no estimate of cost will be announced pending engineering studies.

The proposed two-lane highway will

link U.S. 23 in Kentucky with U.S. 52 in Ohio approximately six miles southeast of Portsmouth, Ohio, Jackson said.

The dam, Jackson said, was built by the U.S. Army Corps of Engineers and designed at Kentucky's request to support a two-lane bridge.

Jackson said the agreement came Wednesday in a meeting in Columbus with Calvin C. Grayson.

# Pride not title fever drives Expo hurler

CINCINNATI (AP) — "It's a matter of pride now," said Steve Rogers. The Montreal Expos, baseball's worst team in the first midway mark of the 1976 season, had just launched the second half with a 4-3 victory over the world champion Cincinnati Reds Thursday night.

"What are we, 26 games below .500?" asked Rogers after beating the Reds 4-3. "We can't dwell on the first half we had. We can't focus on the Reds, but

rather on our own performances." Rogers, winless since May an out of action a month while mending a broken finger, halted the Expos losing streak at seven games, snapping a five-game slide of his own.

It's been that kind of a season for Rogers and the Expos. On May 25, the 26-year-old right-hander broke the little finger on his pitching hand when he slapped his glove at the bat rack after a frustrating outing against the Pittsburgh Pirates. "I would have deserved what happened if I had punched the wall," said Rogers. "But this was a freaky thing."

The injury put him on the 21-day disabled list "just as I was reaching my mid-season form."

A 1-0 loss to Houston Sunday dropped his record to 2-8. "He's definitely been pitching better than his record indicates," said Manager Karl Kuehl.

Rogers, the National League's rookie pitcher of the year in 1973, scattered six hits in 8 1-3 innings to hand the Reds their third straight loss.

Kuehl said he held a pregame meeting "to see if we can change our thinking. Everybody was pressing too much."

Rogers said the three-day All-Star Game rest "boke the atmosphere."

The Expos took a 1-0 lead in the fourth only to see it evaporate in the bottom half of the inning when the Reds scored three times, two on shortstop Dave Concepcion's seventh home run of the season.

Montreal tied it up in the seventh with two runs and jumped on reliever Will McEnaney in the eighth for the go-ahead run.

Larry Parrish, hitting only .209 going into the game, drove in two runs, including the game-winner in the eighth. He singled off Rawly Eastwick to score Jerry White, who had singled and moved to third on pinch hitter Bombo Rivera's single.

Reliever Dale Murray preserved the victory for Rogers, retiring the last two batters when the Reds mounted a threat in the ninth. He struck out pinch hitter Johnny Bench to end the game. McEnaney, who topped the Reds bullpen last year with a 2.47 earned run average, continued to take his lumps. The loss dropped his record to 1-4 and sent his ERA beyond 4.20.

Ken Griffey extended his hitting streak to 14, beating out a grounder for his 20th infield hit of the season.

Tonight, Fred Norman, 7-2, attempts to boost his career record at Riverfront Stadium to 30-6 when he faces Don Stanhouse, 6-4.

Dave Kingman is in the groove; Dusty Baker hopes he has found one.

"My home runs come in bunches," said Kingman, who smacked his 31st of the season — tops in the majors — Thursday night in leading the New York Mets to a 3-1 victory over the Houston Astros.

Baker finally connected on only his second four-bagger of the year in helping the Los Angeles Dodgers defeat the Chicago Cubs 5-2.

"It's the longest time I can remember going without a home run," Baker said. "I had a streak last year of eight weeks and I couldn't believe that."

Baker, who also hit a runscoring single, last hit a home run in the opening game of the season.

In other National League games Thursday, Philadelphia defeated San Francisco 5-3, Pittsburgh crushed Atlanta 13-1, Montreal nipped Cincinnati 4-3 and St. Louis edged San Diego 2-1.

Kingman's fourth homer in his last four games came after John Milner

walked and wiped out Houston's 1-0 lead.

**Dodgers 5, Cubs 2**  
The Dodgers struck early when loser Rick Reuschel opened the bottom of the first by hitting the first two batters. Los Angeles went on to score four runs as winning pitcher Doug Rau scattered five hits.

"Everybody played relaxed," said Rau. "Really, it's the first time we've had any days off."

**Phillies 5, Giants 3**  
Tim McCarver, who sees only spot action, drove in three runs to give the Phillies their victory over San Francisco.

McCarver's single in the sixth broke a 3-3 tie, giving lefthander Steve Carlton, 10-3, his fifth straight decision.

**Pirates 13, Braves 1**  
With Bill Robinson providing the most muscle — a two-run homer — Pittsburgh exploded for 12 runs in the first five innings to crush Atlanta. Slopmy Atlanta fielding aided the Pittsburgh onslaught as Darrell Chaney bobbled a two-out, bases-loaded grounder in the second and four runs followed. The Pirates also sent two runs across the plate in the third, one in the fourth, five in the fifth and one in the eighth.

**Cards 2, Padres 1**  
A one-out double by Joe Ferguson in the ninth broke up a 1-1 deadlock and sparked St. Louis Cardinals to victory over San Diego.

Ferguson's double scored Don Kessinger from second base, handing the Padres their fifth straight loss.

St. Louis' Al Hrabosky relieved in the bottom of the ninth to abort a Padres rally and record his eighth save of the season.

**SOFTBALL CHAMPS**—The Fayette County Bank won the division A title of the Fayette County girls' softball league this season with an 8-2 record. Team members are (left to right, front row) Jeanette Rhoads, Toni Dearth, Debbie Bower, Julie Boswell, and Kami Anderson. Back row, Barb

Saxton, Tracy Shaw, Diane Coppock, Robin Detweiler and Carole Dawes. Joda Allen, Julia Domby, Stephanie Hatmacher, Denise Lute, Michelle Rand and Jennifer Roberts were not present for the picture.

## Palmer becomes 12-game winner

By The Associated Press  
Jim Palmer would like to set the record straight.

"I never called Darrell Johnson an idiot," said Palmer, one of a number of top American League pitchers who were not selected by the Boston manager to participate in Tuesday night's All-Star Game.

"Someone else said it — I just agreed with him."

As if to underscore the error of Johnson's ways, the 30-year-old Baltimore ace blanked the California Angels 4-0 Thursday night on three singles, becoming the first 12-game winner in the American League.

After a slow start, Palmer — the Cy Young Award winner two of the last three years — has won six of seven decisions since June 15. His record is up to 12-8, his earned run average down to 2.89.

In other American League night games, Detroit edged Oakland 3-2 in 11 innings, Minnesota beat Cleveland 5-2 and Chicago defeated Milwaukee 5-3 in 10 innings. In two two-night

### Jeff youth league

Jeff Royal Blue took over sole possession of first place in the Jeffersonville Youth League Thursday with a 4-1 win over the Colonial Sawdusters.

Royal Blue now sports an 8-2 record while the Sawdusters dropped to second with a 9-3 mark.

The game was scoreless until the fifth inning when Tracy Tyree doubled with the bases loaded. Royal Blue scored four runs in the inning. The Sawdusters avoided the shutout by pushing a single run across the plate in the sixth.

Jeff Hughes took the win and Brett Pettit got the loss.

In Thursday's other contest, the Fayette County Bank jumped to an 8-0 lead after two innings and breezed to an 11-2 win over Thomas Lumber.

Robbie Hagler cracked out four hits including a triple to pace the winners. David Duncan tripled and Mark Grooms doubled for the losers.

Jimmy St. Clair picked up the win and George Scott was tagged with the loss.

doubleheaders, the New York Yankees swept Texas 7-6 and 6-4, the second game in 10 innings, and Kansas City split with Boston, winning the opener 12-5 but dropping the nightcap 2-1.

Palmer was overpowering against California, giving up just three singles — and two of those runners were erased on double plays. Reggie Jackson drove in three runs, two of them on his 10th home run of the season, and Al Bumbry scored three runs for Baltimore, which has won its last five outings.

Afterwards, Palmer said it's no surprise the National League has won 13 of the last 14 All-Star Games.

"I'm sick and tired of losing to the National League, but it's understandable," he said. "They take their best players and we don't — and it doesn't just apply to pitchers."

**Yankees 7-6, Rangers 6-4**  
Carlos May's three-run homer and Mickey Rivers' three hits and two runs batted in powered the Yankees to victory in the opener despite a shaky seventh inning during which relief ace Sparky Lyle faced three batters and walked them all, forcing in two runs.

But with the bases loaded and New York's lead down to one run, Dick Tidrow came on and got Roy Howell on an inning-ending grounder.

**Tigers 3, A's 2**  
A's center fielder Bill North dropped his second fly ball of the game with the bases loaded and two out in the 11th inning, allowing pinch-runner Mickey Stanley to score with the winning run.

The Tigers loaded the bases in the 11th on a hit batsman and two walks. Oakland relief ace Rollie Fingers got Alex Johnson to bounce into a forceout and then struck out Aurelio Rodriguez. Pinch-hitter Dan Meyer lofted a fly ball to center and North — who dropped one in the third inning to let in one run — midhandled it as Stanley came home.

### Green Land League

The Jeffersonville Lions scored four runs in the top of the seventh inning Wednesday to nip Springfield Pumphouse, 7-6, in Green Land League action.

Paul Pratter was the winning pitcher while Jimmy Perrill and Randy Boyer each doubled for the Lions.

**JEFF LIONS 000 030 4-7**  
**SPFD PUMPHOUSE 100 004 1-6**  
Doubles—Boyer and Perrill.  
Winner—Pratter. Loser—Smott.

## Olympics on; U.S. to participate

# Clouds clear over Montreal

MONTREAL (AP) — The clouds cleared from Montreal today and two facts stood out bright and clear. The Olympic Games will go on and the United States will compete in them.

The Americans abandoned their idea of possibly pulling out in sympathy with the Taiwanese. One of the first to hail the decision was C.M. Yang, coach of the Taiwan team.

"I would have felt terrible if the United States had pulled out, because it would be such a disappointment to all their athletes, and all because of us," Yang said.

The Taiwanese problem still was not finally solved. The International Olympic Committee (IOC) still had to persuade the Taiwanese to drop the name "Republic of China" in the opening parade, though the Canadian government has now backed down and said they can use their flag and anthem.

But the decision by the United States to go ahead and compete removed a fear that the Games might disintegrate.

Philip O. Krumm, of Kenosha, Wis., 69-year-old president of the U.S. Olympic Committee, who has been at the center of the Taiwan crisis all week, announced the decision to keep the team in the Games.

Krumm has been the peacemaker between the idealistic IOC, iron-willed Canadian Prime Minister Pierre Trudeau and the proud Taiwanese delegation. He backed the IOC to the hilt in its defense of the Olympic

charter, but tried to persuade the Canadian government and the Taiwanese to give a little.

More than 40 Taiwanese have been held up in the United States, denied entry visas because they would not bow to the Canadian demand to drop their name, flag and anthem.

For two days Krumm thought his mission was heading for failure. Neither the government nor the Taiwanese would give an inch.

But Trudeau, after weeks of refusing to change his position, suddenly gave way Thursday and said the Taiwanese could use their flag and anthem.

Krumm had been holding a club over Trudeau, saying the U.S. team might pull out if the Taiwanese were not allowed to take their place in the Games.

It was a strong weapon. Nobody can picture an Olympic Games without the United States taking part. There were fears that if the Americans pulled out other countries would follow, and the Games, which Montreal has planned for six years at an estimated cost of \$1.5 billion, could fall apart.

Krumm and Lord Killanin, president of the IOC, were in complete harmony on one point. They thought of the athletes first. "We feel the athletes, who have given so much time and dedication to preparing themselves for these games, deserved consideration," Krumm said. "We had that in mind in deciding not to withdraw."

Killanin has insisted all along that the 10,000 athletes expected to compete at Montreal are the first consideration.

## Steve Moore named Wittenberg assistant

SPRINGFIELD, Ohio (AP) — A 1974 Wittenberg University graduate who led the Tiger's basketball teams to two Ohio Athletic Conference titles has been named assistant basketball coach at Wittenberg.

Steve Moore of Monroeville led the team to a 41-8 combined won-lost record during two years as a starter at guard.

## Little League to play at Enon

The Washington C.H. —Union Township Little League All-Stars will open post-season tournament play Saturday at Enon.

For fans wishing to attend the 12 p.m. contest, take Ohio 41-N to Springfield, take I-70 west to the Enon exit, turn left, and travel one to one and a half miles past the traffic light.

The diamond is on the left side of the road at Indian Valley School.

## ODD REQUESTS

**TOLEDO, Ohio (AP)** — Robert Siegel of the Toledo Vital Statistics Bureau often receives odd requests from citizens. Among recent ones:

One citizen asked the bureau to "write and let me know how many times I have been married and how many children I have had and if I have been overseas or not."

A woman describing herself as a "poor soul trying to make a living in this hard world" requested two birth certificates — one her true age and another showing her to be 10 years younger.

Another asked the bureau whether it was "legal for a woman to change her last name if she lives with a man and not be married."

Siegel said he found it difficult to answer because her letter concluded: "I wish to remain unknown so please do not try to find me."

All bids submitted shall be in a sealed envelope marked "Sealed Bid - Motor Vehicle - Opening July 26, 1976" and shall be delivered to the Office of the City Auditor, City of Washington, 208 North Fayette Street, Washington C.H., Ohio 43160. A certified check or money order in the amount of 20 per cent of the total bid, made payable to the city of Washington, must accompany all bids. Bid deposit of all unsuccessful bidders shall be returned within three (3) days after the bid opening.  
The City reserves the right to reject all bids.  
GEORGE H. SHAPER, JR.  
City Manager  
City of Washington  
July 2, 9, 16.

## ANNOUNCEMENT OF INTENT TO PERFORM FLOOD ELEVATION STUDY

The Federal Insurance Administration of the U.S. Department of Housing and Urban Development, under authority of the National Flood Insurance Act of 1968, as amended, (P.L. 90-484) and the Flood Disaster Protection Act of 1973, (P.L. 93-234), is funding a detailed study of the flood hazard areas in Washington Court House, Ohio.

The study is being performed for the Federal Insurance Administration by Burgess & Niple, Limited, Consulting Engineers and Planners, 5085 Reed Road, Columbus, Ohio 43226.

The purpose of this study is to examine and evaluate the flood hazard areas in the community which are developed or which are likely to be developed and to determine to flood elevations for those areas. Flood elevations will be used by the community to carry out the flood plain management objectives of the National Flood Insurance Program. They will also be used as the basis for determining the appropriate flood insurance premium rates applicable for new buildings and their contents, as well as determining the rates to be used for the second layer of insurance on existing buildings and contents.

This announcement is intended to notify all interested persons of the commencement of this study so that they may have an opportunity to bring any relevant facts and technical data concerning local flood hazards to the attention of Mr. George Shaper, Office of the City Manager, 208 N. Fayette Street, Washington Court House, Ohio 43160, forwarding to the appropriate representatives of the Federal Insurance Administration.  
July 2-9-16

## Injury report checked by sheriff's deputies

The Fayette County Sheriff's Department reported that a Fayette County man was injured Thursday during a motorcycle accident on campgrounds located on Ohio 41-N.

Dale L. Bunch, 18, of 3322 Ohio 41-N was reportedly riding a motorcycle on trails at the KOA Campgrounds, Ohio 41-N, when the vehicle struck a rock and overturned at 6:45 p.m. Thursday.

Bunch was taken to Fayette County Memorial Hospital where he was treated and released.

The Washington C.H. Police Department investigated theft and malicious mischief reports on Thursday.

The French attack and destruction of the Miami Indian village of Pickawillany on the present boundary of Shelby and Miami counties in Ohio in 1752 has been called by some historians as the opening battle of the French and Indian War. In any case, it preceded similar attacks and stepped up efforts of the French and British to secure Indian allies.

A \$50 wooden chair belonging to Judy A. Chandler, 710 W. Market St., was reportedly stolen from the front porch of her residence sometime between midnight and noon Thursday.

Marvin Collins, 331 N. Fayette St., told police officers that while his car was parked in front of the 500 block of E. Paint Street around 7 p.m. Tuesday, a suspect smeared paint on the car and broke a window on the car.

## Arrests

**SHERIFF**  
THURSDAY — Pearl M. Bott, 39, of Williamsport, Fairfield County warrant for petty theft.

**POLICE**  
THURSDAY — Jay A. Crummy, 17, of 1094 Spring Lake Drive, failure to maintain an assured clear distance ahead; Phyllis N. Hartley, 34, of Sabina, starting without safety.

**A SAFE CITY** — Robert L. Craig, right, president of the Fayette County Automobile Club, presents Washington C.H. City Manager with a pedestrian safety plaque. The plaque was awarded to the city of Washington C.H. for no pedestrian deaths in the city during a seven-year period from 1969 through 1975.

## Tightrope rider bad insurance risk

LOS ANGELES (AP) — Steven McPeak doesn't think riding a unicycle on a tightrope 2,625 feet above the ground is a sign of insanity, but he says "life insurance people won't even talk to me." And judges levy fines every time he crosses a bridge — riding on its suspension cables.

"But I think I have my marbles together," he said, laughing during a telephone interview from Yosemite National Park where he had just pleaded guilty to several charges stemming from his tightrope saunter across Yosemite Falls on Monday.

The charges were failing to get a permit for a special event, creating a disturbance and destruction of natural features.

McPeak said he spent 12 hours at a campsite waiting for winds to die down long enough for him to walk a cable — which he had dragged 10 miles through the park and strung across the falls in the middle of the night to escape detection by park officials.

He is scheduled to return to court Aug. 4 for sentencing and fears this time he may be fined \$1,000.

The 30-year-old Las Vegas, Nev., man has previously paid fines for walking across the supporting cables of the Golden Gate Bridge, the Vincent Thomas Bridge at Long Beach, Calif., and the Royal Gorge Bridge in Colorado. He also walked across a cable suspended 700 feet above Hoover Dam — twice.

"Hoover Dam cost \$50 both times, the Golden Gate \$10 and Vincent Thomas \$126 — but I'm afraid this one is going to cost me a thousand. But I might get off without paying anything."

"They (the judges) frown on it, but

## Application sent for radio station

WASHINGTON (AP) — The Federal Communications Commission Thursday announced receiving the following application for a construction permit for a new broadcast station:

Columbus, Ohio — The Ohio State University (noncommercial educational FM).

once they get out of the courtroom they shake my hand."

He readily admits that the feats are publicity stunts, designed to get him jobs with circuses and special exhibitions, although it isn't exactly steady employment.

He's never fallen to the ground, he said, although once he "popped a few teeth" when he hit the wire after slipping. But he grabbed it with both hands and didn't fall.

McPeak claimed the latest escapade resulted in a world record — the old record for tightrope walking was set by a Frenchman who strolled 1,350 feet above the World Trade Center in New York last year.

"I've dreamed about setting that record for 10 years," he said. He began tightrope walking 10 years ago while working in logging camps in Washington.

He said he also held a world record for riding a 13-foot unicycle from Chicago to Las Vegas and for riding a 31-foot-tall unicycle. But the latter mark was surpassed recently by "a young boy," he said.

"What I really want is to have the record for holding the most records," he said.

## Courts

### CIVIL SUIT

The First National Bank of Washington C.H. has filed suit in Common Pleas Court against GarJac, a partnership of Gary G. Cartwright, 519 S. North St., and Jack V. Cartwright, 432 East St.

The defendants executed a promissory note in January for \$40,000 and offered a piece of heavy earth-moving equipment as security, according to the petition.

Although payment on the note is not due until later this month, the bank took action because it learned that the machine named as security was allegedly not owned by GarJac, the petition stated.

The bank contends that there has been a breach of contract and seeks to recover \$41,446.

## Chessie System plans expansion

CLEVELAND (AP) — Two construction projects at a combined cost of \$69 million were announced Thursday by the Chessie System.

The bulk of the funds—\$56 million—will be used for the construction of a railroad terminal facility in Cincinnati. The remaining \$13 million is earmarked for a track project to serve John's Creek area coal mines in eastern Kentucky.

Work on the terminal project, an automated classification yard, is set for this summer and will gradually be phased in over 5 or 6 years, the firm said.

A company spokesman said the Cincinnati is a hub of activity for the firm, with more routes converging there than at any other point on the system.

He added the new facility should greatly facilitate the inflow and outflow of trains through the area.

The new terminal, which will have a 40-train capacity, will also feature new shops for locomotive servicing and spot freight car repair, as well as pollution abatement facilities.

The firm said the construction will permit the abandonment of 18 miles of steeper-graded track of the Chesapeake and Ohio Railway to the northwest by providing capacity for all C&O trains to operate over the Baltimore and Ohio line.

The computer-controlled hump of the project, the raise point from which freight cars coast down to assigned positions in the yard below, will process

cars at a rate of six per minute, and build 100 different classifications.

The other project calls for a nine-mile route leaving the Chesapeake and Ohio main line at Coal Run, Ky., and connecting to Scotts Branch and the John's Creek and Coon Creek subdivisions.

The new route is expected to save the firm equipment expenditures of an estimated \$1.5 million a year, as well as enable them to gain substantial service improvements.
